PROJECTS

Sep 2022 – May 2023   **Person Re-Identification (Major Project)**

Person re-identification is the process of matching individuals across different camera views. It involves extracting unique features from individuals and comparing them to establish their identity. It has applications in security, surveillance, and law enforcement.

Jan 2022 – Feb 2022   **Apartment Database Management System**

Using HTML, CSS, JavaScript, Php, and SQL to create a website that helps with tracking Residents' info and Maintenance Services payments by a building manager.

PROFESSIONAL EXPERIENCE

Sep 2022 – Dec 2022   **AWS Solution Architect Associate (Intern)**   Bengaluru, India

Ethnotech Academic Solutions

- Achievements/Task

The internship at Ethnotech was a gratifying experience, enhancing technical skills and enhancing work efficiency. Despite lacking experience in Web Development, Chatbot, or AWS, the time spent researching and learning was well-spent, allowing me to meet the objectives.
